**YOUTH OUTDOOR DAY REPORT:** 35 boys and girls ranging from ages 5 to 16 attended a **Youth Outdoor Day** at your club on August 29<sup>th</sup>. They participated in activities such as archery, various shooting activities, fly tying and turkey calling. Local Boy Scout troops camped on the club grounds over the weekend and demonstrated how to make fire starters, survival kits and elephant ears. All youth attending received lunch and a bag of goodies including informative hand-outs, youth-oriented magazines, fishing lures from Luncker's and discount cards from Gander Mountain. A big Thanks to these businesses and to all of the volunteers who helped make this day a success. We hope to host more of these youth day events in the future; maybe even one Saturday afternoon a month year round while focusing on only one or two topics each time, but we need your thoughts, input and help to accomplish these things. Remember, our youth are our future! Pictures of this and other club events may be viewed on our website at [www.edwardsburgconservationclub.org](http://www.edwardsburgconservationclub.org)

With the rising fuel costs that we experienced last year, members have been pricing materials to side the clubhouse and better insulate it. We hope to begin work soon on this project.
